This package includes these courses

- Figma Bootcamp Online (12 Hours)
- Figma Advanced Course Online (6 Hours)

## Figma Bootcamp Online

Learn how to design and prototype user interfaces with Figma, the industry-leading tool for UI/UX design. This course covers essential skills, including working with components, auto layout, interactive prototypes, and team collaboration.

- Design UI/UX layouts optimized for mobile, tablet, and desktop using grids and frames.
- Work with components and variants to create reusable design elements efficiently.
- Build interactive prototypes with clickable links, overlays, and smart animations.
- Use auto layout to streamline spacing, alignment, and responsive design workflows.
- Share and collaborate on designs in real time using Figma's cloud-based features.
- Export assets for web, apps, and developers in multiple formats, including SVG and PNG.

## Figma Advanced Course Online

- Explore Figma's advanced prototyping features with variables
- Use conditionals and variable modes to add advanced interactivity to prototypes
- Create design systems, including light and dark modes (using variable collections)
