Course Outline

This package includes these courses

- Photoshop Course Online (18 Hours)
- Photoshop Advanced Course Online (12 Hours)

This package also includes three hours of private training, the Adobe Certified Professional exam for Photoshop, and proctoring for the exam. Schedule the private training and exam after you complete the group classes.

Photoshop Course Online

Learn how to retouch and enhance photos, create graphics, and work with layers, masks, and filters in Adobe Photoshop. This course covers essential tools and techniques for color correction, image compositing, and preparing files for web, video, and print.

- Adjust color, brightness, and contrast to enhance photos with professional-quality edits.
- Use layers, masks, and blend modes to create seamless image composites.
- Retouch photos by removing unwanted elements and correcting imperfections.
- Master selections, cropping, and background removal for precise image editing.
- Prepare files for various formats, including web, video, and print production.
- Utilize smart filters, adjustment layers, and Camera Raw for non-destructive editing.

Photoshop Advanced Course Online

- Advanced color correction and masking techniques
- Combine photos to make a convincing composite
- Learn to make complex selections (such as hair) using "Select and Mask", channels, and more
- See useful applications of Blending Modes

- Retouch skin
- Learn the Pen tool for use in vector masks & clipping paths
- Explore Photoshop's Generative AI features
