Course Outline

This package includes these courses

- Adobe Photoshop Course Online (Self-Paced) (18 Hours)
- Adobe Illustrator Course Online (Self-Paced) (18 Hours)
- Figma Course Online (Self-Paced) (12 Hours)
- Graphic Design Portfolio Course Online (Self-Paced) (30 Hours)
- UI Design Course Online (Self-Paced) (30 Hours)
- Graphic Design Capstone Project (Guided Self-Paced) (0 hours)

Attend the AI for Graphic Design class for free as part of this certificate. Choose your date after you register for the program.

AI for Graphic Design Course Online (Self-Paced)

Adobe Photoshop Course Online (Self-Paced)

Retouch and enhance photos, create graphics, and work with layers, masks, and filters in Adobe Photoshop at your own pace. This self-paced course teaches essential techniques for color correction, image compositing, and preparing files for web, video, and print.

- Learn to retouch photos and design graphics
- Enhance images by adjusting color, brightness, and contrast
- Use selections to edit specific areas of an image
- Prepare images for digital, web, video, or print formats
- Simplify edits with adjustment layers
- Remove backgrounds using layer masks
- Sharpen and refine photos
- Apply visual effects with filters, shadows, blend modes, and more

Adobe Illustrator Course Online (Self-Paced)

Learn to create and edit vector graphics at your own pace using Adobe Illustrator. This course covers everything from basic shapes to advanced design techniques, including the Pen tool, effects, layers, masks, and more—ideal for designing logos, icons, patterns, and packaging.

- Design a variety of graphics, including logos, icons, patterns, packaging, and typography
- Master vector drawing with the Pen tool using tracing templates
- Work with shapes, brushes, and painting tools to enhance your designs
- Create vibrant vector graphics using gradients and blends
- Develop patterns for graphic and fashion design projects
- Design graphics for packaging
- Export and save files optimized for web or print

Figma Course Online (Self-Paced)

Learn how to design and prototype user interfaces with Figma, the industry-leading tool for UI/UX design. This course covers essential skills, including working with components, auto layout, interactive prototypes, and team collaboration.

- Design UI/UX layouts optimized for mobile, tablet, and desktop using grids and frames.
- Work with components and variants to create reusable design elements efficiently.
- Build interactive prototypes with clickable links, overlays, and smart animations.
- Use auto layout to streamline spacing, alignment, and responsive design workflows.
- Share and collaborate on designs in real time using Figma's cloud-based features.
- Export assets for web, apps, and developers in multiple formats, including SVG and PNG.

Graphic Design Portfolio Course Online (Self-Paced)

Build a strong foundation in graphic design while working on real-world projects to expand your portfolio. This course covers key design principles, typography, color theory, and layout techniques, preparing you to create logos, posters, book covers, and digital assets.

- Explore essential design concepts, including composition, typography, and color theory.
- Develop a creative workflow, from ideation and sketching to final digital execution.
- Create portfolio-worthy projects such as logos, book covers, event posters, and album artwork.
- Learn to use design hierarchy and grid systems to create visually engaging layouts.
- Incorporate industry-standard tools like Photoshop, Illustrator, and InDesign into your design process.
- Refine your work through critiques and upload your final projects to Adobe Portfolio.

UI Design Course Online (Self-Paced)

Master the fundamentals of UI design and build a portfolio of professional projects in this hands-on course. Learn best practices for designing websites and mobile apps, from wireframing to visual design concepts.

- Develop a strong foundation in UI design, including typography, color, and layout principles.
- Design engaging and user-friendly interfaces for websites and mobile applications.
- Work with Figma to create wireframes, prototypes, and interactive designs.
- Receive personalized feedback and expert guidance to refine your design skills.
- Build portfolio-ready projects to showcase your UI design expertise.

- Learn industry best practices and UI patterns to create visually effective digital products.

Graphic Design Capstone Project (Guided Self-Paced)

Throughout this program, you will complete a capstone project to showcase in your portfolio:

- Create a complete brand identity by researching, conceptualizing, and designing visual assets—including a logo, moodboard, and supporting materials—that reflect a clear brand strategy and aesthetic.
- Apply the visual identity across various contexts such as packaging, signage, and digital platforms, while producing polished graphic design pieces that show consistency and creativity.
- Document and present your work in a professional portfolio and final presentation, showcasing your creative process, technical skills, and the tools used to bring your branding concept to life.
- Work on your capstone project both in and outside of class, using scheduled mentoring sessions to review your progress, ask questions, and get personalized feedback from your instructor.

See examples of graphic design capstone projects from students.
